SOFTWARE DEVELOPER

jedudev1707@gmail.com [Jesus Eduardo](#) [@Jedudev](#)

I am a software developer with experience in web applications and frontend frameworks, as well as some knowledge of UI/UX.

EXPERIENCE

Front-end, Back-end Developer [Constellation Brands](#) Aug. 2023 - Jun.2024

- I designed the landing page for this agency, created sections to display relevant information.
- I understood the key points to capture the visitor's attention.
- I implemented a system to limit the number of API uses.
- I created a flexible backend to be consumed by the frontend.
- I created a desktop application to efficiently manage and update the content of the landing page.

Summary or impact about the role/company:
I led the development of a platform that transformed the agency's digital presence, significantly boosting its brand recognition and online visibility.

Web Developer [Viajes Rosales](#) Dec. 2022 - May.2023

- I designed the landing page for this agency, created sections to display relevant information.
- I understood the key points to capture the visitor's attention.
- I implemented a system to limit the number of API uses.
- I created a flexible backend to be consumed by the frontend.
- I created a desktop application to efficiently manage and update the content of the landing page.

I led the development of a platform that transformed the agency's digital presence, significantly boosting its brand recognition and online visibility.
